Evaluation Checklist

Geographical and eligibility aspects

Project modification?

1) Evaluation Checklist

The evaluation checklist: 5 areas and 1 outcome

01

Consistency
with project
outputs and
results

02

Quality of the
partnership

03

Consistency
and
availability of
the budget

04

Eligibility/
compliance

05

Eligibility/
documentation

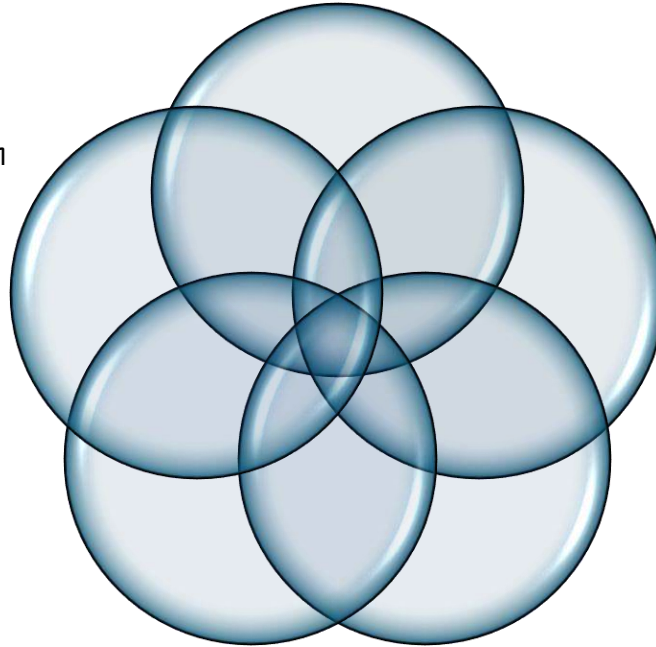

Outcome: approved, approved with conditions, or not approved

01 · Consistency with project outputs and results

The visit:

4. has an adequate justification

3. has been designed as a learning opportunity

1. enhances project activities through learning, transfer, adaptation and replication

2. focuses on one of the 4 sustainable tourism topics:

- 1. *governance*
- 2. *green transition*
- 3. *social, inclusive, accessible tourism*
- 4. *innovative products*

02 · Quality of the partnership

- 68 At least **two projects** from **different Interreg Programmes** participating in the MMM Initiative.
- 68 Adequate **competencies** of the partners.
- 68 Clear **Giver and Taker roles** during the visit.
- 68 **Cross-border added value** of the exchange.

03 · Consistency and availability of the budget

- € Remaining budget is available and estimated costs are appropriate.
- € Expenses are correctly allocated.
- € Eligible costs cover:
 - ✓ travel
 - ✓ Accommodation
 - ✓ staff time and
 - ✓ strictly necessary organisation

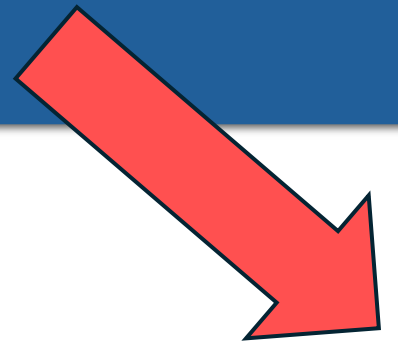

04 · Eligibility/compliance

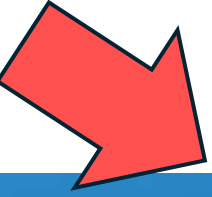

A pilot site or premises relevant to the peer exchange is identified

Projects are ongoing at the time of application

MPLV concluded 1 month before the project's end

New timing rule for the implementation of the visit

Previously

3 months before

The MPLV had to conclude 3 months before the project's end.

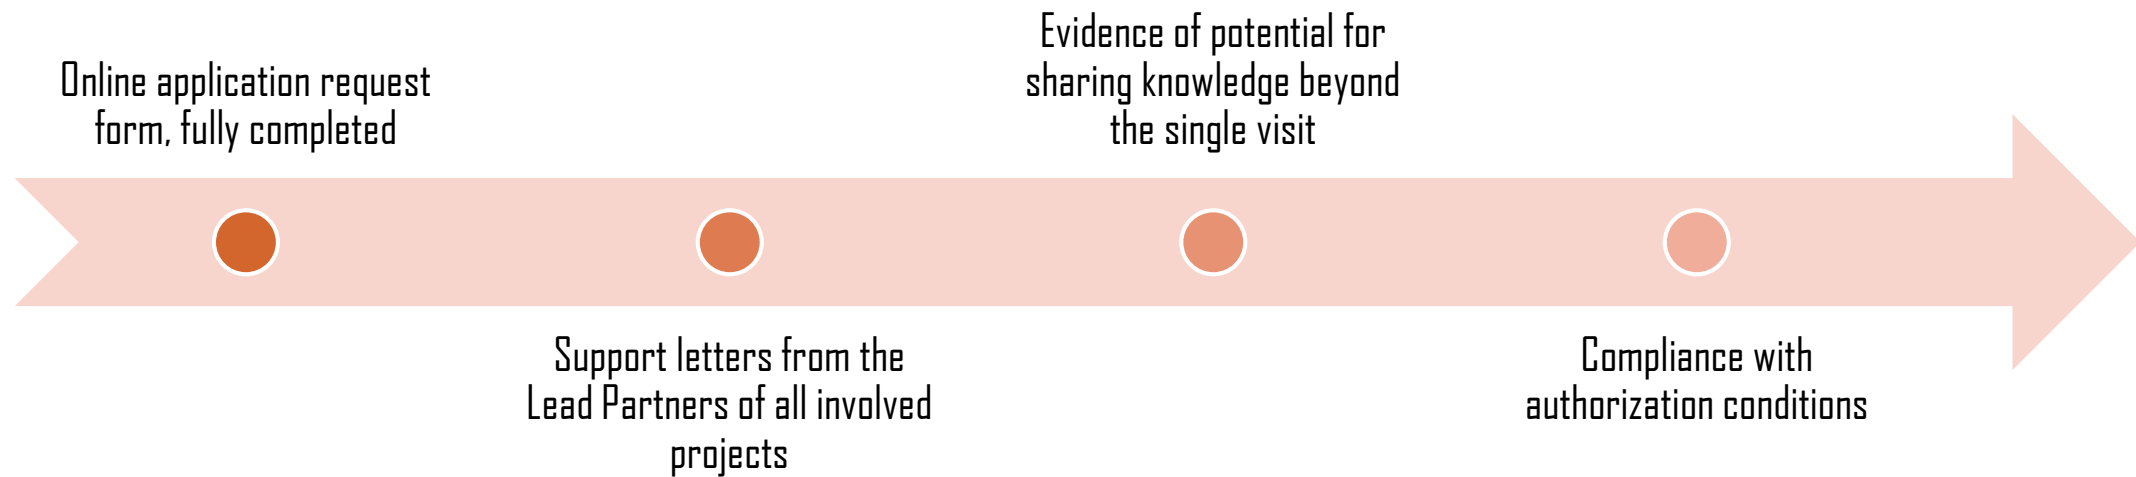

Now

1 months before

The study visit can take place and be concluded 1 month before project's end

Projects must still be ongoing when the visit is held

05 · Eligibility/documentation

2) Geographical and eligibility aspects

Programmes differences: check your own rules before applying

- ✓ Each programme selects, follows up and supports its projects under its own rules and procedures

Eligible costs are authorized under each programme's internal procedures

Contact your programme's MPLV representative early

Geographical criteria

- Partners come from at least two different programmes that normally could not cooperate.
- Ideally the pilot site lies outside the eligible area of the visiting projects' programme.
- Authorisation is needed for a mission outside the programme area for some programmes.
- Only projects funded by one of the ten MMM programmes are eligible.

3) When a project modification may be required following an MPLV

When may an MPLV require a project modification?

- 60 Visit costs not foreseen in the approved budget.
- 60 Changes to planned activities, outputs or timeline.
- 60 Mission outside the Programme area.
