

Cohesion Policy and the Interreg Italia - Slovenia Programme

What is **Cohesion Policy**?

Main investment policy of the EU with the aim of reducing development disparities and to strengthen economic, social and territorial cohesion. Delivered by specific funds:

- **ERDF**- social and economic development
- **ESF**+- employment and inclusivity
- **CF** - environment and transport
- **JTF** - climate neutrality

European Territorial Cooperation - Interreg

Key EU instrument for joint projects between EU regions and countries that is co-financed by the ERDF and by national funds. Types: **Interreg A (cross-border)**, B (transnational), C (interregional), D (outermost regions).

Interreg VI-A Italia-Slovenia Programme

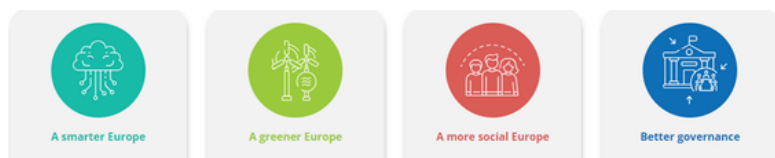

Mission

Improving the quality of life of the population, preserving and promoting cultural and natural heritage and enhancing the climate neutrality through sustainable, innovative and inclusive growth

Programme area
